Thousands Take it in the Spring.

"I have taken Hood's Sarsaparilla when needed for a number of years," writes James Hey, 3070 Amber St., E., Philadelphia, Pa., "and have always found that it does me good. I always take it in the spring with the best results. I have tried it but after taking it for three bottles of this medicine always feel like a different person and advise every one needing a tonic to give it a fair trial."

Get it to-day in usual liquid form or chocolate tablets called Sarsataba.

COAL TROUBLES  
NOT YET SETTLED

Committees of Miners and Employers Fail to Reach Agreement.

## OUTLOOK COMPLICATED

May Be Necessary to Call Convention to Take Final Action.

New York, May 2.—Calling of a miners' convention to approve or disapprove of the subcommittee's agreement for settlement of the wage and other differences between miners and operators in the anthracite coal fields was practically decided upon by the committee of miners' representatives and members of the boards of the three anthracite districts affected at a session here to-night.

Another joint conference with the operators will first be sought by the miners, in all probability, to see if further concessions can be obtained. It was said after to-night's session. The miners' committee adjourned until tomorrow, when a decision will be reached. It was announced, whether a further conference with the operators shall be sought or an immediate call be issued for a miners' convention. This action followed rejection by the miners' full committee to-day at the joint conference with the operators' committee of ten, of the tentative agreement for a settlement reached recently between the subcommittees of the two interests.

If a convention is called, as seemed certain to-night it will be, William Green, who represented President White, of the United Mine Workers, in to-day's conference, said that it would be held either in Scranton or Wilkes-Barre, and will be attended by 100 delegates from the three districts.

Such a convention could be convened within four days after notice of it was given, Mr. Green declared. Mr. Green expressed the opinion that if a convention were held at once, before another conference with the operators, it would uphold the action of the miners' full committee and vote disapproval of the subcommittee's agreement.

In a statement to-night the operators' committee indicated a disinclination to meet again with the miners' representatives until after the latter had endeavored to secure ratification of the pending settlement agreement.

Consumption is a disease which should not be trifled with. If the trouble is present, don't waste time in argument. If a so-called "cure" has long persisted, if a cough is present that keeps you awake at night, if you have weakness and loss of appetite, and perhaps some raising of mucus, do the sensible thing—take Eckman's Alterative.

FORMER BANKER  
IS UNDER ARREST

Cincinnati, Ohio, May 2.—E. E. Galbreath, former president of the Second National Bank of this city, was arrested here to-day by a United States marshal on a charge of misapplying the funds of the bank.

The bank was recently discovered to be in an embarrassed condition and is now being operated by members of the Cincinnati Clearing House Association. After the bank was taken over by the clearing house a new set of officers was placed in control.

The warrant for Galbreath's arrest charges him with having wilfully and unlawfully misappropriated funds of the bank for his own use to the amount of \$25,000. The warrant was sworn out by the United States bank examiner, R. W. Goodheart.

Before becoming President of the Second National Bank, Galbreath was a Federal bank examiner.

The transaction upon which the warrant was issued occurred April 5. It is alleged on that day Galbreath placed in the Second National Bank a draft for \$25,000 drawn upon the Third National Bank of St. Louis, of which his brother, G. W. Galbreath, is vice-president. It is charged that he then drew out of the Second National Bank funds aggregating this amount, although he had no account with the St. Louis bank.

Following his arrest Galbreath was taken before United States Commissioner Adler. He pleaded not guilty to the charge and waived examination. Bond was fixed at \$15,000.
